

Research Project Areas

Information Technology

- Big Data & Data Science
- Web App & Android App Development
- IoT & Embedded System
- Image Processing & AR-VR
- Artificial Intelligence, Machine Learning & Natural language processing
- Network Security & Blockchain

Computer engineering

- Algorithms & Evolutionary Algorithm
- Artificial Intelligence & Machine Learning
- Data Science – Big Data & Data Analytics
- Blockchain
- Business Intelligence
- Embedded Systems and IoT
- Graphics & AR/VR

Electronics & Computer Science

- Power Electronics and Control
- Signal and Image processing
- Wireless Communication
- Instrumentation and Control
- Robotics
- Embedded Systems
- VLSI

Electronics & Telecommunication Engineering

- Micro-Wave and Wireless communication
- Image and Signal Processing
- Artificial Intelligence, Machine Learning
- Sensors Embedded systems and IoT
- VLSI
- Data science
- Robotics and instrumentation
- Electrical and Power Electronics
- GIS and Remote Sensing

Biomedical Engineering

- Healthcare IT
- Artificial Intelligence, Machine Learning
- Biomedical Simulation
- Image Processing
- Medical Instrumentation
